

JAMES STARTERSET

This set is a “first aid with stain accidents” for the maintenance of carpet, rug and upholstery. You'll find a 100% cotton cleaning cloth, a **Staindisc** and the following products inside: **James Stainwonder**, **James Stainspray** and **James Water**.

The **STAINDISC** is a pretty color disc, with a clear and simple layout.

You will find the solution for most common spots, including fresh spots (blue side) or persistent and dried (green side), but also unknown stains.

You can easily consult these information boards to know which product of the set is suitable to remove the stain.

FIND THE STAINDISC IN THE NEXT PAGE

All products are compatible with both natural (such as wool) and synthetic materials. They must be used with the cloth, following carefully the instructions on the bottles.

JAMES STAINWONDER Easy to apply, it often removes within 12 hours most of stains, such as red wine, coffee, tea, fruit, blood and, in general, 1 year old stains.

JAMES STAINSPRAY Solvent that easily removes stains of grease, oil, paint, glossy shoes, glue, chewing gum and tar. It is especially recommended for unknown stain.

JAMES WATER Product with a fresh fragrance, it is also suitable for cleaning the car seat, such as the headrest and the center armrest. It cleans the annoying signs of the steps on the rugs and the grease released by skin on the upholstery fabrics.
